CII ID No. _____
Date Received by CII _____

Customer Sample ID: _____

Proximate Analysis		Bake Testing		Physical Tests				Microbiology	
Moisture		Sponge & Dough		Granulation				Standard Plate Count	
Ash		Pup Loaf		Alpine				Coliforms	
Protein (Combustion)		Cake		Ro-Tap				E-coli	
Fat (Ether Extraction)		Cookie		pH				Salmonella	
Fat (Acid Hydrolysis)		Finished Product Evaluation		Brookfield Viscosity				Staphylococcus (Coag. Positive)	
Crude Fiber				Alkaline Water Retention				Yeast	
Total Dietary (Sol & Insol)		Grain and Flour Analysis		Flour Color (Minolta)				Mold	
Neutral Detergent Fiber		Falling Number		Sand and Grit				Rope Spores	
Acid Detergent Fiber		1000 Kernel Weight		Kernel Size Distribution				Karnal Bunt	
Calories (by calculation)		Test Weight		Single Kernel Characterization					
Carbohydrates (by calculation)		Zeleny Sedimentation		Solvent Retention Capacity				Miscellaneous	
		Experimental Milling						Semolina Speck Count	
Physical Dough Testing		Grade		Mycotoxins					
Farinograph		Starch Damage			ELISA	HPLC	TLC	ADA	
Alveograph		Total Starch		Aflatoxin				B ₁	
Amylograph		Potassium Bromate		Ochratoxin				B ₂	
Standard		Sanitation-Extraneous Matter		T2				Niacin	
Modified		Sanitation-Foreign Material		Vomitoxin				Cholesterol	
Starch (cook/cool)		Qualitative Enrichment		Zearalenone				Vitamin A	
Wet Gluten				Fumonisin				Vitamin C	
Dry Gluten		Minerals						Saturated /Unsaturated Fat	
Gluten Index		Calcium		Other				Folic Acid (HPLC)	
Mixograph		Iron		GMO (Elisa PCR)				Sugar Profile (HPLC)	
		Phosphorus		ELISA				Nutritional Label	
M, A, P, Farino, FNV		Potassium		Triple Test DNA				Sesame Seed Surface Oil	
		Sodium		Real Time Taqman				Free Fatty Acids	
M, A, P				Pesticide Screen				Peroxide Value
